

**ALC RESPONSE TO A QUESTION SUBMITTED BY SIMPLEX-GRINNELL RELATED TO RFQ – 130001**

**Question:** One thing I don't remember being discussed from our walk-through is the camera locations and drawings. Are there plans available showing the desired camera placement?

**Answer:** During the walk-through on 5/9/13, ALC's IT Security Analyst identified current and new camera locations. Accordingly, ALC does not have plans or drawings which show desired camera placements. In the Union Plaza Building, ALC intends to have a total of 19 cameras, including 5 cameras on the first floor, 10 cameras on ALC's 3<sup>rd</sup> floor lobby and/or offices, and 4 cameras on ALC's 14<sup>th</sup> floor lobby and/or offices. ALC's Jonesboro, Springdale and Camden Claim Centers will each have 5 cameras.
