It's a good week to play! The **Natural State Jackpot** is **\$30,000** tonight. **Mega Millions®** Tuesday night is **128 Million** and **Powerball®** Wednesday night is now **\$40 Million**.

The Natural State Jackpot is a Five Number Game (5 of 39), one of the most popular games offered by lotteries, they are considered quite winnable by players. They offer growing Jackpot amounts with some of the lowest overall odds of any Jackpot game offered. NSJ has had 22 top prize winners in the last 576 drawings, that averages out to one in twenty-six drawings held. Winning any Jackpot drawing depends on having a ticket for the drawing that matches all the numbers drawn. The odds of winning the NSJ are 1 in 575,757, the overall odds of winning a prize in the game 1 in 9.

NSJ players choose just 5 numbers between 1 and 39 in this game and player's can choose to play up to 20 consecutive draws in NSJ. Each play costs \$1. The game is drawn six nights a week (Monday through Saturday), at 8:00 P.M. (CST)

Players matching two numbers will win \$1; three numbers win \$7; four matching numbers win \$300, and all five numbers will win the jackpot, guaranteed to be worth at least \$25,000. Each night in which there is no big winner, an additional \$5,000 is added to the jackpot. If there is more than one jackpot winner, the prize will be equally divided among all the jackpot prize winners. The overall odds of winning are one in nine. *The Natural State Jackpot prize amount is pre-tax. Tickets sold based on sales data.

Have and wonderful week and thanks for playing Arkansas!
