# IT'S NATURAL STATE JACKPOT'S LAST-EVER \$175,000 PRIZE

March 3, 2017

LITTLE ROCK – At \$175,000, tonight's Natural State Jackpot prize will never be at this level again. But it's only because of changes coming to the Arkansas-only draw game March 13.

Presently, Natural State Jackpot's jackpot starts at \$25,000 and increases by \$5,000 every draw until the jackpot is won. But NSJ changes on March 13, with its jackpots starting bigger and growing faster. Starting on the 13<sup>th</sup>, beginning NSJ jackpots will double from \$25,000 to \$50,000 -- with a \$5,000 roll that rises to \$10,000 per roll once the jackpot reaches \$150,000 and higher.

So, with no NSJ jackpot winner now since January, tonight's \$175,000 Natural State Jackpot prize will be the last-ever at that amount – but the Natural State Jackpot fun will continue on with bigger and faster-growing jackpots.

## **About Natural State Jackpot**

Natural State Jackpot is a terminal-generated draw game similar to multi-state Powerball, but is played only in Arkansas. Drawings are held Monday through Saturday at 8 p.m.; each play is \$1. Five numbers from 1 to 39 are drawn; if a player's numbers match those that are chosen, the player wins the jackpot.
