BONO PLAYER WINS POWERBALL $200,000

The Arkansas Scholarship Lottery learned early this morning that a Powerball player who purchased a ticket in Bono (Craighead County) is the winner of $200,000. The ticket was purchased at the Tobacco Quik Mart in Bono.

A prize at this level is won when a player chooses all five white ball numbers correctly but does not choose the correct Powerball number. Had the winner added the $1 PowerPlay to his ticket, the prize would have been $1,000,000.

The identity of the winner will not be known until the ticket is presented for payment at one of the ASL's Claim Centers.
