Persons holding these tickets should call the Lottery at 501-683-2000 and arrangements will be made to pay the prize. The situation resulted from a vendor software issue triggered when a new lottery retailer began selling raffle tickets. The issue was recognized quickly and the lottery is making this announcement to inform players holding a raffle ticket to check their number to see if their ticket was a \$20 instant win. All raffle tickets remain eligible for the grand prize drawing.

In the Arkansas Million Dollar Raffle, players buy numbered \$10 raffle tickets. There will be only 500,000 \$10 Arkansas Million Dollar Raffle tickets sold. The raffle numbers are sold in order — players do not get to pick their own. Players must sign and keep their Arkansas Million Dollar Raffle ticket until the drawing.
