

IMPORTANT UPDATE FOR LOTTERY RETAILERS

\$1 Game Pack Size Change!

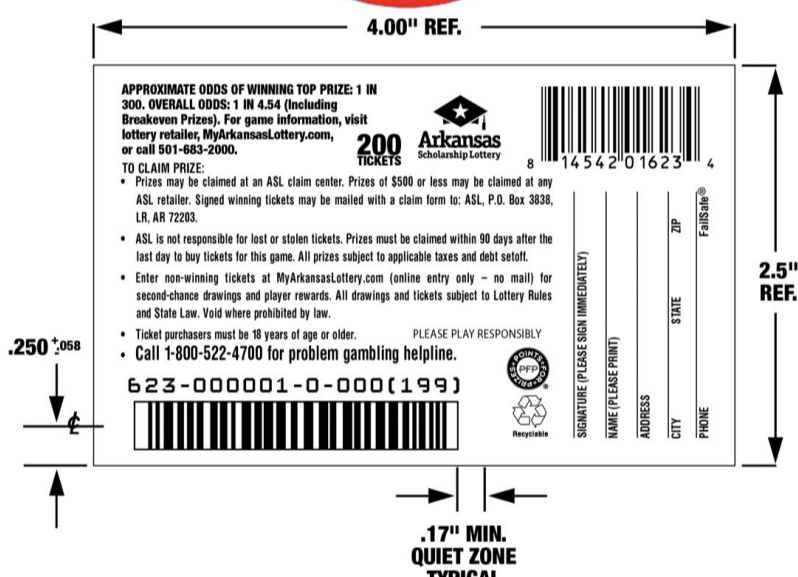

The pack size for the \$1 scratch-off tickets will be changing on **June 29, 2021**. The new pack size will contain 200 tickets for \$200 instead of 300 tickets currently being distributed for \$300.

The change will begin with AR-623 - \$50 Cash!

You will receive your new game shipment on June 28 for the June 29 game launch. It will include a visibly marked \$1 red sticker on the shipment and a new "200 TICKETS" graphic on each ticket's back.

**NEW \$1 GAME
PACK VALUE
NOW \$200**

PLEASE NOTE:

We are NOT removing the \$300 packs from circulation and will continue to sell these games before removing them from retail as the games come to a normal close. The \$300 packs for the older \$1 games will be in circulation for several months after the June 29 launch.

Please continue to keep them on sale as indicated on the planogram communications. You are advised to identify the pack size and reconcile all instant products as normal.

More information regarding this change to the \$1 game pack size will be featured in upcoming retailer newsletters, E-Blast communications, and the retailer section of our website at

MyArkansasLottery.com/about/retailer-information.

This is
WINNING!
