HOW TO PLAY MEGA MILLIONS® IN ARKANSAS

1. Use one (1) panel for each desired play. In a panel select five (5) numbers from 1 to 70 in the left play area and one (1) MEGA BALL number from 1 to 24 in the right play area. Make selections with heavy vertical marks in only blue or black ink. Red will NOT be accepted.
2. If you make an error in your number selection, mark the "VOID" box at the bottom of that play. DO NOT ERASE.
3. Marking a panel's "QUICK PICK" box completes the play with random number selections.
4. A play costs \$5.00 which includes a variable multiplier increasing its non-jackpot prize from 2 times up to 10 times.
5. Mark a "MULTI DRAW" numbered box corresponding to the number of consecutive draws (up to twenty 20) you want the plays to apply. The draw date range is printed on the ticket.
6. Review your selections carefully. **PRINTED TICKETS CANNOT BE CANCELED.** A playslip is neither a valid receipt nor a proof of purchase. The printed original ticket is the **only valid receipt** for claiming a prize. SIGN the ticket back immediately and SECURE your ticket. The Office of the Arkansas Lottery (OAL) is not responsible for lost, stolen, or mutilated lottery tickets. Claims must be filed within one hundred eighty (180) days of the drawing.
7. DRAWINGS ARE HELD TUESDAY AND FRIDAY AT 10:00 P.M. CT.
