Mega Millions Jackpot Skyrockets to \$800 Million

Nov. 4, 2025

LITTLE ROCK, Ark. — Tonight's Mega Millions® jackpot is \$800 million, extending its streak as the game's largest jackpot since its updated format launched in April.

Mega Millions is a multi-state draw game with drawings held every Tuesday and Friday at 10 p.m. Tickets cost \$5 per play, and ticket sales cut off at 9:45 p.m.

Five numbers between 1 and 70 are drawn, plus a Mega Ball® number between 1 and 24. To win the jackpot, a player must match all winning numbers drawn. Depending on their ticket's multiplier, players can win between \$10 and \$10 million for matching two or more winning numbers and the Mega Ball number.

Arkansas lottery players continue to win Mega Millions prizes following the April game change. Four winning tickets worth \$600 or more were sold for the Oct. 31 drawing in Little Rock, Cabot and Calico Rock. The winning numbers were 2, 24, 52, 66 and 68, and the Mega Ball was 9.

Mega Millions tickets are available for purchase at licensed Arkansas lottery retailers and through retailer apps from the lottery's Play on the Go partners. For more information about the Play on the Go options, visit the [Where to Play](#) page on the Arkansas Scholarship Lottery website.
