Monday's **Decades of Dollars** had no top prize winner. The drawing held at 10:00 P.M. (CT), however had BIG results for one lucky player in Arkansas. Two tickets purchased in Ashdown, at the EZ Mart location on S. Constitution Avenue matched five of the six numbers drawn on Monday night, winning that one player a cool twenty thousand dollars (**\$20,012.00**). The lucky ticket, or should I say tickets sold at that lottery retail location correctly matched not one set of five of the six numbers drawn, but two sets of five of the six numbers drawn, winning two of the **\$10,000** prizes. This player wasn't finished winning is this game yet, they had purchased five tickets for the **Decades of Dollars** Monday night drawing, on the first ticket they matched three of the six numbers drawn, winning \$10 on that ticket (odds 1 in 50). On a second ticket they matched two of the six numbers drawn, winning \$2 on that ticket (odds 1 in 7.1). These two additional wins combined with matching five of the six numbers drawn for \$10,000 (odds 1 in 43,649), on two other **Decades of Dollars** tickets won this player \$20,012, for spending \$10 on the Monday night **Decades of Dollars** drawing. *Now that's what I call being 'lucky!*

Even without a top prize winner in the Monday **Decades of Dollars** drawing **1,328 Arkansas players** in the game won prizes ranging from \$2 to \$10,000. Overall odds of winning a prize 1 in 6.2 (including our *very lucky player* in the drawing).

If your checking your tickets now, the **Decades of Dollars** numbers drawn in Monday night's drawing were: **01 02 18 27 34 40**. The *lucky winner* matched 18 27 & 40 on the \$10 winning ticket, and 01 & 18 on the \$2 winning ticket, as well as, 01 18 27 34 & 40 on their third winning ticket for \$10,000, and on their fourth winning ticket for the second \$10,000 – 02 18 27 34 & 40. Wahoo!

There were **two** additional winners in the game who also won \$10,000, one each in Georgia and Kentucky. The odds of winning a ten thousand dollar prize in the game are 1 in 43,649.

There was *no top prize winner* in the **Natural State Jackpot** Monday night, tonight's Jackpot is **now \$80,000**. **Mega Millions®** Jackpot tonight is estimated at **\$20 Million** and the Wednesday night **Powerball®** Jackpot is estimated to be **\$152 Million**.

Thanks for playing Arkansas.
